

REMARKS

The only rejection in the outstanding office action was an obviousness type double patenting rejection in view of the parent patent application. A terminal disclaimer was filed earlier today to overcome the double patenting rejection.

The only other objection to the application was a request that the priority claim be updated to identify the parent application by patent number. The amendments set forth above address those objections.

In view of the foregoing, it is believed that this case is now in condition for allowance.

If it is determined that any fees are due, the Commissioner is hereby authorized to charge such fees to Deposit Account 500388 (Order No. HOMEPO02C1).

Respectfully submitted,
